SMEs CONFERENCE

Following the tremendous success of the second edition, the 2020 Qatar Chamber SME Conference is set to be yet again a significant event for small and medium-sized enterprises (SMEs) in Qatar. The second edition of the Qatar Chamber SME's conference, was under the patronage of H.E. The conference represented an opportunity to share best practice to enable local SMEs to compete for the business opportunities Qatar has to offer by connecting them with key stakeholders. This year, the focus will be on the United Kingdom to hear firsthand their experiences and best practices taking place at international level in order to provide innovative solutions and encourage creative thinking among entrepreneurs and investors.
